

GSR DE-HAZER / DEGREASER

A non-caustic viscous all-in-one ghost haze remover, degreaser and mesh prep.

Product benefits

- Non-caustic de-hazer, degreaser that works as well as many aggressive caustic varieties
- Removes oily solvent residue, dirt, grease and other contaminants that can cause imperfections such as pinholes and fisheyes in the emulsion coating
- Viscous creamy consistency allows product to remain on the mesh actively working instead of dripping through or running off the mesh
- Screens last longer due to less damage mesh like caustic haze removers
- Low odor, pleasant fragrance makes for an improved work environment
- No hazardous shipping surcharge
- Low VOC (310 g/liter)

GSR DE-HAZER / DEGREASER

GSR DE-HAZER / DEGREASER is a non-caustic viscous all-in-one ghost haze remover, degreaser and mesh prep. Used after removing ink and emulsion from the screen to remove residual ink and emulsion stains.

GSR DE-HAZER / DEGREASER also removes oily solvent residue, dirt, grease and other contaminants that can cause imperfections such as fisheyes and pinholes in the emulsion coating.

Unlike caustic haze removers that degrade the mesh over time, GSR DE-HAZER / DEGREASER is much gentler on the mesh and the person using it. Its pleasant fragrance makes for a better workplace environment.

PHYSICAL PROPERTIES:

Color:	Green
Consistency:	Viscous creamy gel
Shelf Life:	2 years at 68° Fahrenheit (20° Celsius)
Packaging:	1 Quart, 1 Gallon, 5 Gallons
