

# KIWOCLEAN STENCIL REMOVER CONCENTRATE - WB

A concentrated emulsion reclaimer for decoating of polymer-based direct emulsions and capillary films such as Diazo and SBQ sensitized emulsions

## Product benefits

- Concentrated – can be diluted 1:10 to 1:20 with water
- Special formulation penetrates emulsions more effectively than common stencil removers
- Highly efficient in automatic screen reclaiming equipment
- Works well on water-resistant emulsions that are known to be more difficult or slow to reclaim
- Concentrated formulation makes it more economical
- Being concentrated further helps:
  - Reduce packaging costs
  - Save ever escalating shipping costs
  - Reduce storage space requirements
